We'll also be honoring a special member this year – **Abigail Arias**, who at 7 years old became an honorary Freeport police officer and Texas Ranger.

Our riders must all be first responders and are required to have either a road or tri bike. Just like in our profession, we continue the teamwork aspect during the ride – riding together, eating together and bunking together. Our support personnel are divided into full time members and part time members. With the lead of the Support Coordinator, support members keep the event rolling. Support members are the backbone of our organization.

The Texas Brotherhood Ride is a non-profit 501(c)(3) public charity organization. Other than the cost of conducting the rides, all donated proceeds go directly to the beneficiaries designated. No one is compensated for their time and all our team members sacrifice their own time with their family and work to participate in this event.

If you are interested in joining our team, we have limited availability openings for riders and support. To receive an application, please indicate whether you'll be applying as a rider or support member and send your contact information to:
